

“Let us continue to go and pray
before the Lord, and seek the Lord of hosts.
I myself will also go.
-- Zechariah 8:10

The country of Yemen in the Middle East has been plagued by war, famine, and disease for the past decade. Despite these harsh realities, local ministry workers continue to share the love of God and the truth of the Gospel among the Yemenese people. However, last month, after arresting and torturing a local believer, Yemenese authorities obtained the name of one of our local ministry workers. Please pray for the believer who suffered for his faith and for the ministry worker and his young family to find asylum outside Yemen. As new Arab Christians are often isolated and fearful of persecution, online groups are proving to be a fruitful way for such individuals to connect with other believers. Building trust & learning to pray for one another is an important part of these online gatherings. Covid-19 forced us to think outside the box & adapt. When face-to-face meetings can resume, we will be incredibly grateful, but we are also thankful that we now have a new method of reaching those who are isolated in ways that we couldn't before.

What's happening in Brazil.

Unfortunately, Brazil is facing a very difficult time again with Covid 19. Brazil's daily deaths surpass 3,000 for the first time. Brazil has become the global epicenter of the pandemic in recent weeks.

Up till two weeks ago, we were holding Bible studies with the children, women, and having actual church services while observing all the necessary guidelines. Suddenly things changed. The hospitals are full without empty beds in ICU. The virus is attacking many homes. Just in our team, we have three members who are in quarantine due to Covid.

Due to this present situation, the state of Sao Paulo has advanced several holidays this year, and once again declared a state holiday from March 26 to April 4, 2021. Everything will be closed including all business except pharmacies and hospitals for humans and animals. The restaurants may deliver food or prepare for pick up only. They are having curfew from 8 pm till 5 am. The goal is to stop people from partying.

24 Saturday ~ Restoration Ministries Brazil

What is happening in the ministry?

We have closed all the ministries that we have: small groups Bible studies, music classes, Capoeira, Muay Thai, tutoring, as well as church services and any other activities that require actual presence.

We are holding virtual English classes, some small group studies with adolescents, women, and church services.

We are saddened by the current situation due to the loss of contact with people we love. During these next 10 days we will not be in contact with our children, young people, and their families.

25 Sunday ~ Restoration Ministries Brazil

We are recording various short devotionals for them and posting them on the internet. It has been a challenge for our staff to create new ways to reach those they minister to. As they receive these daily recordings, we are praying that this will contribute to spiritual growth in each one that listens. Our only certainty is that the Lord is OUR HELP OUR HOPE! It is time for us to care for ourselves personally, but at the same time, as God's people, we must help those who are desperate, depressed, anxious and without hope.

Paulo, and Sofia are doing well, we are so thankful to God for our health. Daviel is doing fine back in California.
